Tom Bergman

Vice President of
Regulatory Affairs,
NuScale Power

Tom Bergman is responsible for all licenses, certifications, relationships, and activities related to regulation of nuclear safety and security, environmental protection, and emergency management domestically and internationally. This includes domestic and international client licensing support and other industry activities that involve nuclear and other regulatory topics.

Bergman has more than 35 years of experience in the nuclear industry, including almost six years at NuScale. He is a 23-year veteran of the NRC where his most recently held positions were in the Office of New Reactors as the deputy director for licensing operations and the director of the Division of Engineering. Other positions at the NRC included in the Office of the Executive Director for Operations, Office of Nuclear Reactor Regulation, Region III, Region IV and the Office of Nuclear Regulatory Research. Prior to the NRC Bergman worked for ARINC Research Corporation and the Naval Nuclear propulsion Directorate.

Bergman holds an M.B.A. from the University of Maryland and a Bachelor of Science in Aerospace Engineering from the University of Michigan.
