

> Company Highlights

BWXT is one of the world's most prolific nuclear technology innovation companies and the sole manufacturer of naval nuclear reactors for U.S. submarines and aircraft carriers.

6,600
highly skilled
employees

**\$1.9 billion
USD**
in 2019 revenues

12
major manufacturing
facilities totaling 3.9
million square feet

60+
years manufacturing naval
nuclear components
and reactors

300+
commercial nuclear
steam generators
manufactured

1.5 million+
Canada Deuterium
Uranium (CANDU)
fuel bundles provided

15
U.S. Department of Energy
laboratories, environmental
cleanup projects and NASA sites

8,000+
fuel elements delivered to U.S.
national laboratories, universities
and international customers
